

NuovoConnect

Global eSIM Connectivity, Reimagined for Business

Powering borderless digital experiences for enterprises, travel platforms, fintechs, and super apps — across 190+ destinations worldwide.

Digital MVNO Infrastructure

Asset-light, fully digital eSIM distribution with a global footprint.

190+ Destination Coverage

Optimized multi-corridor routing for seamless global connectivity.

Fintech-Grade Payments

Integrated KYC, fraud scoring, wallets, and payment orchestration.

A \$16.9 Billion eSIM Market — and We're Ready to Scale It With You

The global eSIM market is projected to reach USD 16.9 billion by 2034, growing at a CAGR of 5.5%. With over 3 billion mobile consumers seeking seamless, mobile-first connectivity solutions, the demand for instant, borderless eSIM services has never been higher.

Active Partners

Connectivity. Compliance. Conversion.

NuovoConnect unifies the fragmented telecom landscape with a single, powerful platform built for the modern digital economy.

Digital MVNO

Asset-light, multi-IMSI architecture ensures redundancy and competitive wholesale rates without the heavy infrastructure costs.

Digital-Only Ops

100% online onboarding, no physical retail footprint, and significantly lower Customer Acquisition Costs (CAC).

Multi-Corridor

Tailored plans designed specifically for expatriates, tourists, and business travelers across key global corridors.

Fintech + Telco

Seamless convergence with integrated payments, KYC, fraud scoring, and wallet capabilities built directly into the core.

Enterprise-Grade eSIM Infrastructure Built for the Borderless Economy

Mission

Secure & Reliable

Direct Tier-1 carrier integrations with multi-IMSI redundancy ensuring 99.99% uptime and enterprise-grade security standards.

Activation

Instant Provisioning

Zero-touch activation via QR code or direct URL links. eSIMs are provisioned and ready to connect in seconds, not days.

Payments

Fraud-Proof System

Integrated KYC verification and advanced fraud scoring algorithms protect every transaction before it's processed.

Wallet

Integrated Top-Up

Complete wallet infrastructure supporting auto-top-ups, balance management, and multi-currency support out of the box.

Competitive Advantage

Why NuovoConnect Wins

In a crowded market, our proprietary infrastructure and flexible models set the new standard for global connectivity.

Unmatched Global Coverage

190+ Destinations with optimized routing for low-latency, high-speed connection anywhere.

Multi-IMSI eSIM + OTA

Dynamic IMSI switching ensures devices always connect to the strongest available local network.

Proprietary Technology Stack

A unified platform built in-house giving you full control, transparency, and superior security.

Flexible B2B Models

Seamlessly adapt to your needs: Wholesale distribution, White-label platform, or API integration.

24/7 Enterprise Support

Always-on operations team monitoring network health and ensuring business continuity for partners.

Your Command Center for Global eSIM Distribution

Manage your entire connectivity business from a single, intuitive dashboard designed for scale and automation.

Plan Creation

Build custom data packages tailored to your audience. Define data limits, duration, and geographic coverage with granular control.

Data Limit

5 GB

Auto-Renew

eSIM Assignment

Instant provisioning via QR or URL. Deliver connectivity immediately to end-users through automated emails or in-app displays.

ACTIVE

API Access

Robust REST API endpoints for seamless automation. Integrate full eSIM lifecycle management directly into your existing platforms.

Partner Portal — Advanced Controls

Gain full visibility and governance over your connectivity business with enterprise-grade management tools.

Inventory Management

SIM/eSIM Stock Control

Real-time tracking of inventory levels across all regions. Set automated replenishment triggers to ensure zero downtime for your customers.

Fraud Monitoring

Real-Time Alerts & Protection

Advanced AI-driven security protocols that instantly detect abnormal consumption patterns, preventing revenue leakage and leakage and securing your ecosystem.

Built for the Businesses Powering Tomorrow's Digital Economy

Retail Networks

Enable physical stores to sell digital connectivity instantly, creating new upsell opportunities at point-of-sale.

Mobile Operators

Expand roaming footprints instantly without complex bilateral agreements or infrastructure deployment.

eWallets & Fintechs

Embed connectivity as a value-added service, increasing user retention and transaction frequency.

Money Transfer Operators

Offer data bundles to remittance recipients, ensuring families stay connected across borders.

Super Apps

Integrate travel connectivity directly into your ecosystem, keeping users engaged within your app environment.

Travel & Relocation

Provide seamless connectivity for tourists and expats from the moment they land, boosting satisfaction.

Four Flexible Ways to Partner with NuovoConnect

Choose the collaboration model that fits your business strategy, from complete ownership to seamless integration.

Wholesale Distribution

Purchase bulk data connectivity at competitive wholesale rates with full control over your inventory and pricing strategy.

- ✓ Aggressive volume-based pricing discounts
- ✓ Full inventory management control

White-Label Platform

Launch your own branded eSIM store or app in weeks, not months. We handle the tech; you own the brand and customer relationship.

- ✓ Fully customized branding & UI
- ✓ End-to-end product maintenance

API Integration

Embed global connectivity directly into your existing app or platform via our robust REST API. Perfect for travel apps and fintechs.

- ✓ Seamless background provisioning
- ✓ Developer-friendly documentation

Revenue Share Program

Earn ongoing revenue by referring customers or integrating simple affiliate links. Zero upfront investment required.

- ✓ High-margin recurring commissions
- ✓ Instant setup and tracking

Let's Build the **Borderless Future** Together

NuovoConnect is building the infrastructure for borderless digital life — powering connectivity, payments, and compliance for enterprises across the globe.
